Look forward to the summer with Guildford Summer Festival 12 June to 12 August 2016

Guildford Summer Festival returns for its 33rd year bigger than ever before with over 100 different events to pick from. Now regular family favourites such as the *Guildford Festival Craft Fair*, *Farmers' Markets*, *Guildford Cricket Festival*, *Guildford Lions Raft Race*, *Drama in the Castle Grounds*, and classical concerts all return for summer 2016. There will be a whole host of theatre, sport, art, music, walks, heritage, tours and days out to keep visitors and residents busy over the summer and this year the brochure has sections dedicated to celebrations for the Queen's 90th Birthday, and Guildford's first *Alan Turing Celebration*. The *Guildford Town Guides* offer their free guided walks around the town exploring its history and every nook and cranny. Their immensely popular *Alan Turing* walks are back, and included in the *Alan Turing Celebrations*. As always Arts and Heritage, events are in abundance with the annual *Guildford Arts* exhibition at the *Mill Studio*, *Watts Gallery* and *Guildford House Gallery*. For those who prefer their theatre indoors will not be disappointed. *G Live*, *The Yvonne Arnaud Theatre* and the *Back Room of the Star*

play host to a variety of shows and *Guildford Fringe Festival* arrives in town in July across several venues. There are plenty of opportunities to get fit this summer – the *Round the Hogs Back Cycle Tour* is designed for all ages and a perfect way to get fit or keep fit! For those who would rather watch sport than participate head for the *Cricket Festival!* Local ale is celebrated at the *Guildford Beer Festival* at the Cricket Ground and there are plenty of opportunities to listen to live music while taking a glass! This year, many of the events are completely free to attend so grab a brochure and see what takes your fancy? With so much to choose from there is something for everyone.

Guildford Summer Festival runs across the borough from 12 June to 12 August 2016. Brochures are available to collect from *Guildford Tourist Information*

Centre, *The Electric Theatre*, and other distribution points around the borough. Tickets for most events are on sale now. For full details, sign up to the mailing list and receive weekly reminders of events throughout the festival. Alternatively, visit www.guildfordsummerfestival.co.uk or visit the *Guildford Summer Festival* facebook page.

Blowing the Whistle on GDC Scam.

Orthodontists and the General Dental Council are operating an illegal scam to withhold information from the public about new methods which can avoid almost all extractions and even major jaw surgery. This is being done partly to protect traditional methods and partly to preserve the high incomes of orthodontists and surgeons. Research suggests that this British development is being ignored in the UK while spreading rapidly abroad. As a result hundreds of children and young adults have extractions and jaw surgery, unaware they may be unnecessary.

Some Orthodontists mislead patients, saying that extractions can be avoided although the traditional methods they use leave too little room, risking severe damage to the face. It is wise to explore the internet yourself, many sites make great claims and show beautiful faces but very few show good results before and after treatment. Even the media is scared of disclosing this scandal.

There is another way.

Take a second opinion now. Nine years old may be too late.

ORTHOTROPICS

Natural Growth Guidance.

The alternative to orthodontics with extractions and surgery.

Orthodontics usually requires the extraction of 4 to 8 sound teeth although this is frequently denied.

Emily was treated by natural methods.
No extractions.
No 'Train Tracks'.
No retainers.

Research shows Orthotropics can get much better results than 'Train Tracks'.

Don't miss the Ideal Gnome Show at Hampton Court Palace

23 July – 2 October 16

Look out for some unusual additions in the grounds of **Hampton Court Palace**. A year-long celebration of its world famous gardens, 15 very special gnomes will be popping up around the estate from July, revealing hidden secrets to the intrepid explorers who can find them. Designed and created by a range of local community groups, these aren't your typical common garden gnomes! From the whimsy of the maze, to the *Privy Garden's*

formal Baroque topiary, each will reflect a unique aspect of the remarkable landscape around the palace, which spans centuries of fascinating history. It's a little known fact, but **Hampton Court Palace** can lay claim to be the home of the English gnome. The first time the word gnome ever appeared in English was in **Alexander Pope's** epic poem – *'The Rape of the Lock.'* Set at **Hampton Court**, the poem features a gnome named Umbriel. Given a voice by actor **Stephen**

Mangan, Umbriel will reappear in various guises in throughout the summer, recounting tales from the palace's past. Discover the tale of the *'little gentleman in black velvet'* (a mole!) who burrowed up from the ground and unhorsed King William III, and find out what weird and wonderful objects have been left in the maze since the seventeenth century. (including a few champagne flutes, shoes and a periwig!). www.hrp.org.uk

The Tiger Who Came to Tea
SAT 6 AUGUST – SUN 4
SEPTEMBER 2016
Cadogan Hall, London

The Tiger Who Came to Tea roars into Chelsea this summer in the truly magical *Olivier Award* nominated West End production opening at *Cadogan Hall* on **Saturday 6 August 2016** and running through to **Sunday 4 September 2016**. Adapted and directed by **David Wood OBE, Judith Kerr's** ever popular tale *The Tiger Who Came to Tea* is the ideal introduction to theatre for children aged three plus and the perfect summer treat for the

whole family.

When Sophie and her Mummy welcome the hungry Tiger to tea, he proceeds to eat all the sandwiches, buns, biscuits and more. He even manages to drink all the water in the tap! What will Sophie's Daddy say when he gets home? Join the Tiger, Sophie and her Mummy and Daddy, in this musical slice of teatime mayhem with sing-a-long songs, oodles of magic and interactive fun.

David Wood is undisputedly the country's leading writer and director of plays and

musicals for children, whose many successes include: *The Gingerbread Man*, *Guess How Much I Love You*, eight **Roald Dahl** adaptations including West End hits *The BFG*, *The Witches* and *George's Marvellous Medicine*; and *Goodnight Mister Tom*. The doorbell rings just as Sophie and her Mummy are sitting down to tea. Who could it possibly be?

What they certainly don't expect to see at the door is a big furry, stripy tiger!

A musical play adapted and directed by David Wood, based

on the much loved book by Judith Kerr, designed by Susie Caulcutt, movement director Emma Clayton and Music Arranger / Supervisor Peter Pontzen, starring Abbey Norman (Sophie), Ashley Tucker (Mummy), Benjamin Wells (Daddy/Milkman/Postman/Tiger), Stephanie Summers (Understudy/Wardrobe) and Thomas O'Connell (Understudy/ASM).

Medieval Knights Descend On Arundel Castle

Medieval Joust and Tournament Week
26-31 July.

Medieval knights from up and down the country will take up arms and participate in the Tournament which will take place under the oldest part of the Castle, with a large tented encampment covering the American Lawns.

Visitors will be gripped by a series of powerful clashes using

a range of weaponry, including pole arm weapons, single-handed swords and hand-and-a-half swords.

Aside from the skirmishes, visitors will be able to enjoy beautiful ancient melodies performed by *Rough Musicke* and tales from years gone by re-enlivened by a 15th Century storyteller, as well as crafts showcases, cookery demonstrations and breath-taking falconry displays.

For younger visitors (8 years and older) there is also the opportunity to hone their bow and arrow skills, with have-a-go archery sessions throughout the weekend.

Castle Manager **Bryan McDonald** commented: "Each year, the atmosphere during the *Medieval Tournament* is electrifying. With action aplenty, and a very real 15th Century ambience, there could be no better way to

whet our visitors' appetites for the **Medieval Joust and Tournament Week** – the pinnacle of the events calendar. I very much look forward to seeing the action unfold at Arundel Castle over the coming weeks, I am certain that it will be as captivating as ever!"

Further information on the Castle and its 2016 event calendar can be found at

This summer, the astonishing and complete story of *The Historic Dockyard Chatham* is revealed and brought to life for the very first time, through brand new 'hands on' and engaging family friendly galleries and activities.

Families will discover two internationally significant archaeological discoveries in the brand new **Command of the Oceans galleries**; try their hand at dockyard trades of the early 1800s; and can let off steam in a brand new play area!

From **1st - 31st August**, budding scientists can have

enormous fun in *Doc. Yard's Time Travelling Techsplorers*. Children can participate in a series of hands-on science experiments and an interactive show that features the best 18th Century science and inventions - but with a 21st century twist! Techsplorers will use potatoes to create electricity, measure time with pendulums and use the power of the wind before helping the *Doc* and *Bunsen* to travel backwards in time to meet King George III and the Royal Family.

The Captain's Cat's Mission Explore is an exciting new way to discover *The Historic*

Dockyard Chatham that puts younger visitors well and truly in the driving seat! Together with lots of fun missions to carry out, it also contains fun facts and a new illustrated map.

All of these new family friendly galleries and activities, together with a new exhibition *'Pole of Cold'* which combines geography, adventure and art (**13 August - 27 November**), are included in the normal dockyard admission price, giving unlimited access for a year.

Redefining the family practice

+richmond practice - private doctors' service since 2005

From one room at *Roseneath Dental Surgery*, to innovating a new approach to the way in which primary care is delivered in the UK - it cannot be denied that the **+richmond practice** team have come long way.

Celebrating 11 years of redefining practice this autumn, the group continues to strive for excellence in every aspect of it's work, of which there are many. Their services include access to private GPs, paediatricians and gynaecologists, and they also work a multi-disciplinary team from shared premises. Many consultants are sonographers who are able to work onsite with the latest in ultrasound technology.

Paramount in the **+richmond practice** philosophy is ensuring that going to your doctor's appointment is hassle-free. You can schedule a same-day appointment, request test

results and order repeat prescription via telephone or the website. Patients can also enjoy a multilingual service - they will be attended to by the same doctor and be able to discuss their health in English, German, French, Italian or Spanish.

Founders **Johanna and Sebastian Renz**

developed their business from Sebastian's vision of a '*Gruppenpraxis*' or what is also called a *polyclinic*. Combining their knowledge of private healthcare in the USA,

Germany and South Africa with their experience with the NHS, the **+richmond practice** was born.

The **+richmond practice** is a *Care Quality Commission* and *BUPA* registered provider and was commended in the best professional service category by the *Richmond Chamber of Commerce* in 2012 and 2014.

Jutland 1916: WWI's Greatest Sea Battle

As part of the *National Maritime Museum's* commemoration of World War One, this exhibition marks the centenary of the largest naval battle of the conflict – the Battle of Jutland. Involving a total of 279 ships on 31 May 1916, the North Sea bore witness to 'Der Tag', a major clash between the British Grand Fleet and the German High Seas Fleet. Both sides suffered heavy losses in ships and men, but despite being the biggest naval surface engagement to date Jutland was one of the most keenly-felt disappointments of the war, with neither side achieving a decisive victory. *Jutland 1916: WWI's Greatest Sea Battle* takes visitors through the lead-up to the battle, the action during, and also uncovers stories of the aftermath, from the incredibly personal accounts of the sailors and their families, to the broader views of the nations and navies on either side of the conflict. **Throughout August** 10.00-17.00 Admission: Free

My Marsden March

Anytime. Anywhere.

Dear Parents,

We are inviting all schools to organise their own 'My Marsden March' in aid of The Royal Marsden Cancer Charity. This is an easy to organise sponsored walk for your child's school that can take place anytime, anywhere. The school chooses a date, location and distance to suit themselves, and anyone from one or two classes to the whole school can take part. From short walks for younger children to longer hikes for older ones. *My Marsden March* is designed to be adaptable for schools.

It's also a great opportunity for pupils to have fun before and during the walk, for example by designing and making their own flags and banners, or decorating their outfits for the day.

I will help you make your school's *My Marsden March* a success by providing free t-shirts for teachers, pin badges for children, balloons, collection tins and posters to display around your school, like the one shown.

If you are feeling inspired and think your school might be interested in organising a *My Marsden March* or if you have any questions, please contact me on Janet.Tobin@rmh.nhs.uk or 020 8915 6105.

You can also find out more at www.royalmarsden.org/schools-march.

We are fast approaching the end of the summer term but it may be a fundraising event your school could organise for the autumn!

I hope to hear from you soon.
